Buckingham

Fruit growers are anxious for the return of cold weather as they are fearful of the fruit trees budding.

The big slump in prices of tobacco was almost cut in some instances, I know of one man who has been too sick to get his tobacco off and when he did go he was only offered \$20 for his best grade which sold for \$40 when he was on the market some weeks ago.

The roads became almost impassable last week and I had to buy a bale of hay at \$1.60 a hundred to feed my driving horse although I had thousands of pounds of nice hay not more than 5 miles away.

Mr. John Grovers friends will rejoice with him when they know he has struck water in his well after drilling and blasting in solid rock for some weeks.

There is a vacancy in the school board in Mayeville district and the trustee Electoral Board is looking out for a suitable man for the place.

Glad I am to know one of my friends has recently had a nice leg-peggy for him.

Mr. and Mrs. Cabell Robinson have rented rooms in the old England house here and have the children at school here.

An old negro man named John Neighbors died at his home near Manteo last Friday. A party of young people caught a string of fish in State River last week weighing seven pounds.

I acknowledge with thanks the current issue of Hills Almanac.

The teachers in St. Andrews school had an entertainment at the school house last Friday night and made \$23.50 for use in improving and repairing the school house.

Miss Minnie Morgan the popular sales lady in Almond's store in Farmville has the confidence of her Buckingham customers and they depend on her good taste and order goods by mail without seeing them.

A young man who is anxious to continue at the high school here would like to find work that would pay his board so he can stay at school, write to the clerk of the school board if interested.

Get Professor Groeclose to s your seed corn if you have any trouble as to its germinating promptly when time comes to plant.

I hear of our selling at \$8.50 and \$9 per barrel. We have some buying grape fruit at 4 for 25 cents, sugar on the local market is selling at \$3.50 per hundred and farmers are laying in a year's supply. Com-ing low cuts cast their shadows before them and sometimes hits means 25 cents in the pocket of Registrars of vital statistics.

We were surprised that there was no mail on the 29th, Grand Pa Washington's birthday you know.

Lynchburg News has an Editor second to none in the South.

Mr. A. L. Pitts, of Arvonica, has our sympathy since the loss of his estimable wife.

J. H. Garrett, filling mud-holes	6.00
J. H. Grow, work on road	6.00

THE FARMERS NATIONAL BANK

Appomattox, Va.

Do you appreciate Color Harmony?

been teaching in Richmond has been at her home here for a rest.

Mr. and Mrs. Perkins Ellis visited their farm near Mount Vinco last week.

Wheat, oats and grass took on a fresh green the warm spell we had last week, it was surely good for the eye to rest on.

Someone has suggested the appointment of a well known business lady as a trustee to fill the vacancy on the Maysville District school board.

THE WORLD'S FOREMOST ENGINEER

Were it not for the assistance the Department of the Interior has rendered, our wonderful irrigation systems, waterworks and similar projects could never have been developed. Progress such as this is vital to all of us. This phase of our government's endeavors to further prosperity is graphically told in the fifth of the series of articles which we issue each month.

To receive this story and the ones previously published send us your name and address. There's no cost to you—nor are you placing yourself under any obligation.

"I Have Lost The Receipt"

Thus spoke the man who was asked to settle a bill that he claimed to have paid a month previously. He had placed the receipt in his pocket with other papers and now could not find it.

He had paid cash, so could do nothing except pay the bill a second time.

That man learned a lesson from this incident—he now pays all his bills by check. In case of dispute about a paid bill,
